W. M. Alice,
(Sis)

with baby brother, Christie
pos-pos and I are both pleased
for you. We've had a lot of fun
the last couple of years and maybe this
will make up for all the letters I didn't
write from Tucson. I've got lots of good
times to remember and I hope you won't forget.

Such as my favorite bar, (Shanks Place) and the
glass you broke, or the lies we've told to keep out of
trouble (Young Lee gave me the gun). There's more I want
but I'm sure you haven't forgotten the fun we
or even before ~~some~~ I may have along. Good

Dedication

We, the Galena staff, proudly dedicate our 1967 yearbook to the Mullan Athletic Pavilion and to all those responsible for its planning and construction.

We feel that Mullan is especially fortunate in having this pavilion and will gain much from it.

Superintendent's Message

To help society successfully take advantage of the rapidly opening opportunities of a new age has become the school's responsibility.

Some things about school have not changed these many years. They are still made of people and the teacher is still the most important part of the educative process. The school's basic purpose is to educate children. But education is changing--buildings, methods and goals.

Changes have been quickened by scientific progress, the number of youngsters in school and the rapid growth of knowledge. Our society has put new emphasis not only on subject matter mastery but on the child's personal and social development, and his ability to study independently and solve problems rationally.

It is with these matters in mind that we have endeavored to keep up with progress in education so that the graduates of Mullan High School might have the opportunity to secure the best education possible.

JOHN R. LOVELACE

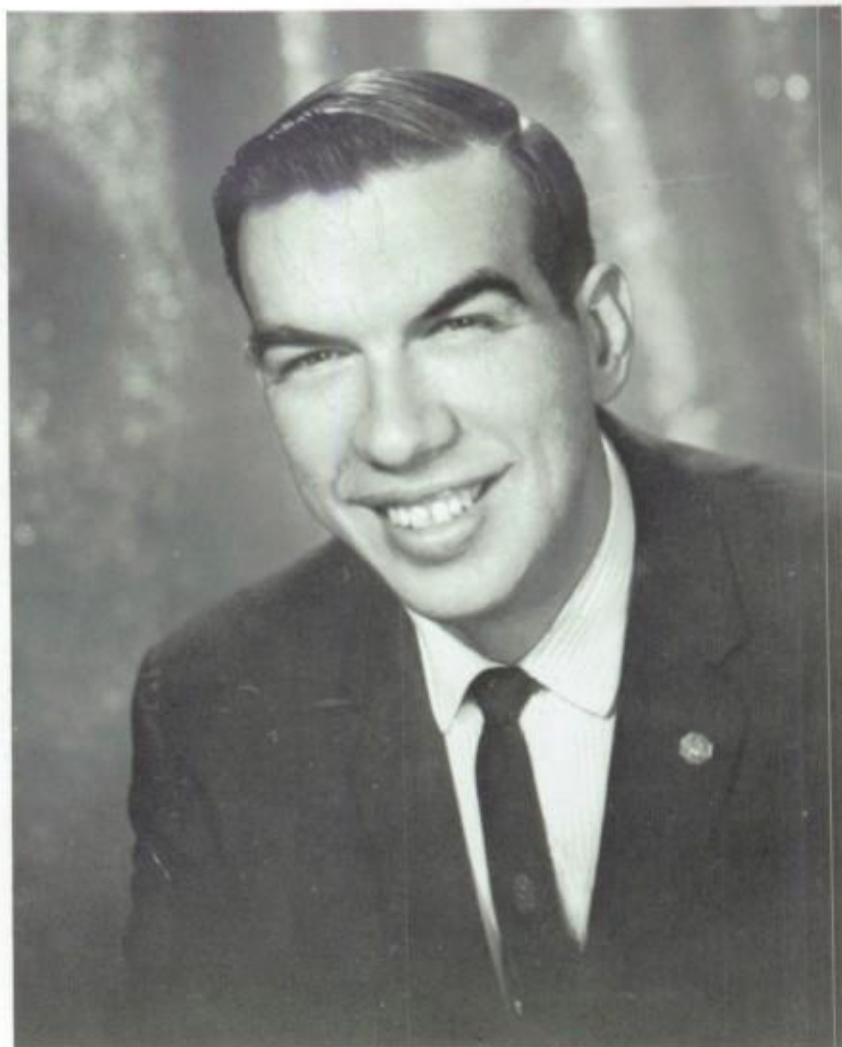

Principal's Message

Since the establishment of a free society through a government which has to answer to the people, education has played an important part in maintaining that society. Never in the history of any country has its population been so well educated as in this country today.

The essential purposes in Mullan High School this past year have been the "3 R's," but beyond this individual responsibility, respect for the rights and property of others, and courtesy, as part of each student's character, have been emphasized.

It is my hope that each student in Mullan High School has developed along these lines and that each student may find his or her place in a society dedicated to preserving our ideals and way of life.

MEMORIES FOR TOMORROW MADE TODAY

Ten scared little first graders started school twelve years ago and, since have accomplished much to be proud of. In grade school they did exciting things like playing "boys chase the girls" at recess. By the fourth grade they turned sophisticated and started to have dances, the beginning of "grown-up social functions."

The transition from grade school to junior high was hard to take. The biggest item in the two years of junior high was the pop and ice cream picnic at the park. It set the class fund back \$50!!!!

The 1967 seniors enjoyed high school life by participating in all the activities. As freshmen they built the bonfire and painted the "M". As juniors they sold concessions and built a beautiful prom.

Finally, they reached their senior year. The boys played basketball and went to state tournament in Burley. The girls helped by making signs and cheerleading for the games. These activities left all the seniors with many fond memories for tomorrow.

As a whole, the years were happy, full, and carefree. Life is so much fun when among good friends.

Theresa Trexler and Mike Sprute were chosen by the Mullan High School faculty as Mullan's 1967 representatives to Syringa Girls State in Nampa and Gem Boys State in Caldwell.

Leaving early in June, they spent approximately a week learning the basis on which the American system of government is founded and the ideals that all Americans should strive for.

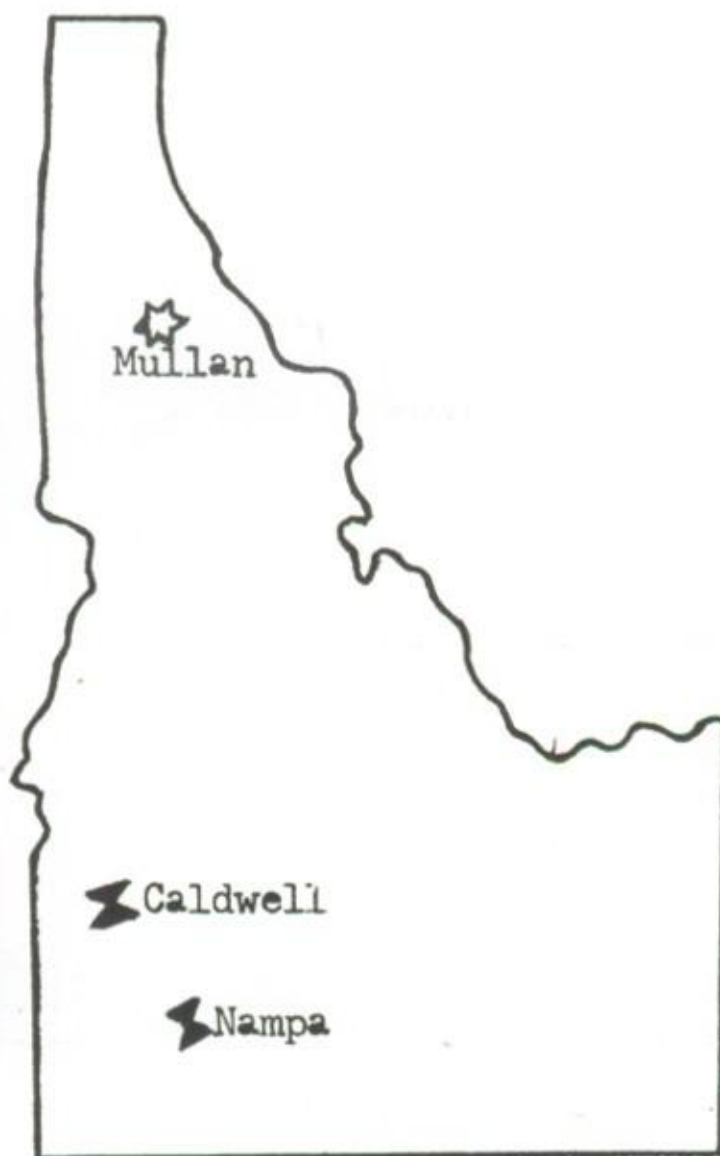

Theresa and Mike were chosen on the basis of leadership, scholarship, initiative and all-around worthiness.

The Mullan Chapter of Future Homemakers of America was very active during 1966-1967. Winning a trophy for their scrapbook at the annual district convention at St. Maries made them very proud. Among their many activities were sewing clothes for their "adopted" children at the Lewiston Children's Home, giving luncheons for the faculty, and holding their annual slumber party.

Delegates Theresa Trexler, Carmen Latina, and Maureen McEachern with Mrs. Isaacson, Advisor, and Terri Hiatt attended the state convention at Boise during spring vacation in April.

This year the Mullan association of Future Teachers of America doubled their membership from thirty-six to seventy-two, under the sponsorship of Mrs. Georgia Hegbloom. The organization was busy with candy sales, dances, and various other activities to earn funds for the annual trip to Moscow for the Mid-Winter Convention and for the FTA State Convention at Boise in March. Kathy Flood, Theresa Trexler, and Kim Smith, delegates, and Mrs. Hegbloom drove to Boise for the two-day convention, where they won a special award for their scrapbook. From the Pizza and Pop Party in September to the election of new officers in the spring, it was a very active and good year for the Mullan Future Teachers of America.

Alice
Hi

It has been nice
knowing you for the
last 12 years. I hope
you well get with
you wont get with
life. When we get
out of school see
me well after.
I well miss you
you very much.
May God bless you
and good luck.

Dear Al,
I'll, here we
are only a few seniors +
together. I'll never
forget all the fun we had.
my hand only right is that I don't
have good luck in all that
you do. (sob!) Well,
Love + prayers,

Dear Al-

Will they always say "shit before
the shovel," and "best for the last."
so here I am on the last page and
your name on the first page? It
seems like its really been a long time
since the science fair in the
8th grade doesn't it? Remember
all the things that have happened
since then? - the time we had to
spend the night in Caer d' Alen;
the various car wrecks; the many
flunk slips; our every - Tuesday
routine of going up to Burke; living
in Spokane for a summer; Greg and
Doug; Len and Steve; the night we
camped out with some friends up
Boullion; selling concessions; the
party up at Ray's, Ted's, & Vern's;
I could go on and on but I'm
sure you remember as well as I do.
But always remember - !
God bless and love - Lyn '68

P.S. I hope we can make it
a double wedding graduation - maybe
but if we don't, here's wishing you
a life full of happiness with Jonny.
I hope you have a lot of kids
and few fights. Remember - friends
forever 

Will Al (fat Albert)

Hoping someday some kind
shirt tail relation if Pdt + Chuck
every get together. When it will
be left up to you to finish off
the rest. Thanks for all help you
have given me with Rich even
though it may never work out
altogether but theres always memories
we will have and never forget.
Will have fun in whatever
you do or where you may
go after this final and last
year. Be good but have fun
if thats not asking to much.

Bye and always
remember me
Becky

Al,

I will always be dedicated
to you and Rich and I will get
going again for if I wasn't for
you where would I be
now or what will I be doing
Thanks
ever grateful
Myke
